**"And if we know that he hears us in whatever we ask, we know that we have the requests  
that we have asked of him." 1. John 5:15**

**Hello, our dear "extended family" in Jesus Christ!**

... these are the words of John, the disciple of Jesus, who was perhaps closest to Jesus, whose head rested on His breast - what a picture! - Can we really experience noticeable love ?!

-> Yes, that's what the family of God is for !!!

Lately, I've been reading John's letters repeatedly; he is writing a lot about this wonderful love - **God is love** - and how we're going to share it with each other. He also writes of a **certainty** that comes from a **deep knowledge of God**, **"so we know that we have the requests!"** -> We may not have seen it yet, but it's ours, like a sum of money that has been transferred but has not arrived yet. **It belongs to us** - even if we do not have it in our hands, it is for us => **that gives peace !!!**

So we had some experiences lately, where we really realized: **God is not too late !!!**

#### **In our family:**

**Esther and Wolfgang** gave birth to their little **Sarah** on December 7th - a great gift of God! The birth really was a miracle, the child in breech position and at the same time of the induced labour, there was an urgent surgery on the big toe, because of an ingrown nail - very painful - and yet it was all a miracle!

Although the first days with the baby were a great challenge for both parents - Esther was not allowed to get up at night because of the increased dose of her medicine, the baby was restless because of stomach cramps, Wolfgang almost down in the dumps from too much concern for mother and child - **but God does not come too late!!!!** - He sends his angels to serve us and he makes us strong in the middle of the storm! The two have experienced this and now they can manage alone easily with their Sarah and Wolfgang can even work fulltime in his job.

**Thank you Lord!!!**

#### **Jonathan and Evelina with their little Rebecca**

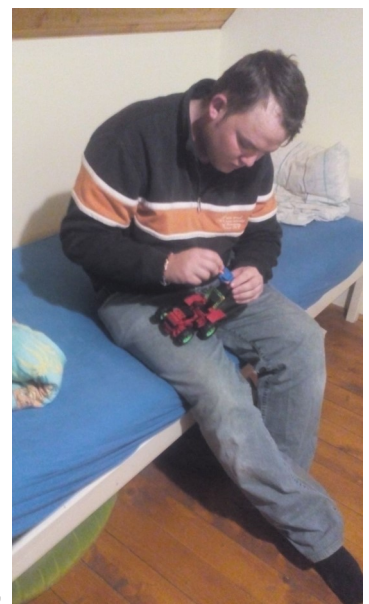

**With Jonathans Family in Poiana Brasov**

are doing very well. Since they live so far away, we can only see each other 1-2 times a year. At the moment they are thinking of starting a small family business and asking for your prayers that God may show them what's up.

**Philippus** is actually doing very well; he has learned to deal well with his states of anxiety. If he has the impression that someone looks at him closely or has something against him he approaches the person and talks to him, even with strangers like the guards in big shops who are in uniform here. Nevertheless, two nights ago he had 2 epileptic seizures after months of rest. It was the night from Saturday to Sunday.

The second attack was at 6:30 in the morning. Although Misch was supposed to preach and I was scheduled to lead worship, we were sure that one of us would have to stay at home with him because he would sleep all day - like last time. At 8:00 am, however, he woke up and asked, "What is it

today?" When I answered that it is Sunday he said: "I go to church!" He got up, still very dizzy, still had a headache and abdominal pain but was determined: "Give me my Sunday shirt!" When he arrived, he greeted the people warmly, sat down briefly until worship began and then went up to the apartment with Misch to sleep. We had a wonderful time of praise, praying as a church for the sick of our church and against all the evil attacks of the enemy that we have been feeling lately and proclaiming the victory of Jesus!!! Meanwhile, after 2 days, he is well again. Thank you for your prayers !!!

**Our church** experiences upheavals, too. Two of our workers have left us, because they think they are the spiritual children of Stefan, our former pastor. It was a pretty hard blow for us, but we see how God builds the church and keeps adding new people. We are praying for a new **passion for prayer!**

**Discipleship School:** Last September it seemed that we had no candidates for a new school year. We prayed and tried to listen to God – to what He had intended for this year. We got some phone calls from people who wanted to come but were back in the country only in November. Some people are doing seasonal work of 2-3 months abroad. So we moved the beginning of the school year to November. Of the registered persons, however, one third did not come because they were mothers whose children were sick or otherwise tied up. Nevertheless, we had a good start.

When we had our second meeting in January, we were totally surprised that there were 3 couples and so many other individuals that we had 12 students in total, some from last year and even church members and we had a very blessed time. **Thank you God!!!**

We want to continue to invest in the lives of people who want to get to know HIM.

**Our teens:** Since the end of summer it seemed that working with them during the last years was futile - they just did not come to the services any more. It seemed they had no interest in God anymore. (I have to say that almost all of them come from non-Christian families.)

In the winter some boys came over and asked if they could spend a few days with us during the holidays. They love to use the horse cart to bring the manure to the fields as fertilizer and to fetch wood from the forest, and to chop and stack it. So they came on the weekends after the holidays - sometimes even 6-7 boys. I (Michael) used the time and read the Bible with them in the mornings. It was really fun. We went through the whole proverbs of Solomon and then

to the Gospel of John. After some winter trips - skating or sledging, the girls came back, too. Meanwhile we have teenagers - as if by a miracle - in the church service again and also in the afternoons for teenage clubs (around 20 people). **Praise God - He does his work!** We still need your prayers!

#### **Prayer requests:**

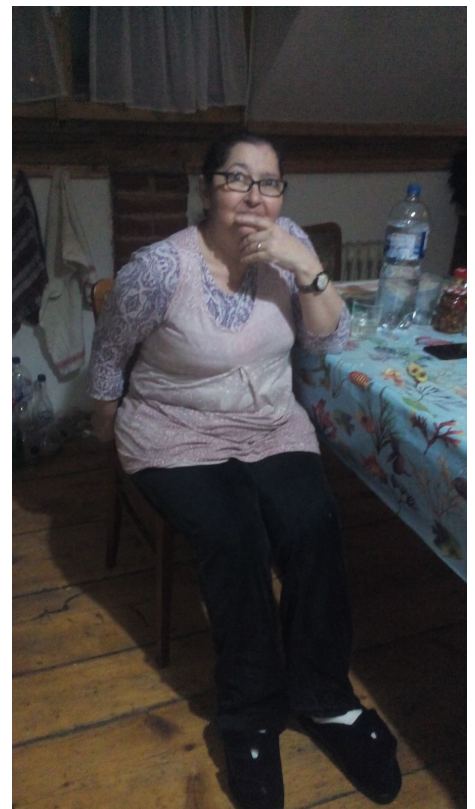

**Margit:** our sister with the ulcerated legs is very thankful for the prayers and the monthly donations. She is a real example of how patient she can stand the pain and the many sleepless nights. We continue to pray for God's intervention and miracles on her legs and on the whole body!

**Our disciples:** Some can pay half the price to cover the costs for food and electricity (heating + hot water). The young people (students or some unemployed) cannot pay anything. Nevertheless, we let them participate. If any of you would like to support a student to finish this year - there are 3 more meetings + the summer mission trip - half the price would be \$ 60 per person. In total we have 12 disciples.

Thank you all for your love and solidarity with us !!!

In His love,

your Müll
