VOLCANO FUEGO . HELP GOES ON

This past month we have continued to be busy helping the survivors of the Volcano Fuego tragedy which happened on 3 June this year. As earlier stated, more than 2,500 people died and yet the government has tried to hide these numbers and have said only 200 died. We are working with a Guatemalan lady (Beatriz), who has found temporary accommodation in our town for quite a few families, and we have been purchasing "Starter Packs" to help these families who have absolutely nothing. They can never return to their houses which many are completely covered up to the roofs with ash. Many of their families will never be dug out from these houses, although some have returned intent on finding their families to give them a decent burial. These families also still need to eat, and the government is doing nothing, so this is an ongoing work for us until they can find new accommodation and land to start farming again. Below are some photographs of just some of the grateful families who have received help from you our supporters who have sent donations through us. There are also photos of some who search in vain for the remains of their family. We still need donations! If you wish to help, please send to address below marked "Volcano." Thank you!

This family sleep on the floor

Fabiola now has cooking pots!

This family has 2 beds for 6 people!

The large boulders cover the place where his family are buried. Some have hired diggers to find the remains of their family

URGENT PRAYERS

We ask for your prayers for this country of Guatemala that is going through a period of great instability of the Government, and which could lead to a military coup. President Jimmy Morales has gone above his authority and the authority of the highest justices and refuses to allow a continuation of investigations by a team from the UN into corruption at the highest levels of government which has led to two ex-presidents and vice-presidents and half their governments being imprisoned. He expelled the team when they began to investigate him and corruption in his government. The high court judges annulled this order, but he refuses to allow the team back in! At the time of writing this letter the country is on strike and thousands are gathering against Jimmy Morales.

THE CHURCH

Our church continues to grow spiritually and in size and now we have had to purchase an extra 140 chairs. We have done this in faith and the cost was \$640 (475 pounds sterling). If you would like you help towards the cost please send your donation to the address below marked "chairs." Thank you in advance. As well as our Sunday and Thursday service, we have now included Monday prayer time and Tuesday fasting and prayer meeting.

PRAYERS

1. For the survivors of the Volcano Tragedy.
2. For peace in Guatemala.
3. A larger (Free) piece of land for our growing church.
4. Financial independence of the church.
5. Health and finances.
