Final Harvest Ministries, Apartado 10, 03901 Antigua, Guatemala, Central América March 2019

Prayers for Daniel

Daniel is a four-year-old boy with Leukemia. Daniel and his family are survivors of the volcano Fuego disaster back in June last year where over 3,000 people died, and it is only recently we found out about this family struggling to survive and pay for costly medicines. His weekly treatment at the hospital, lasting three days, is free, but at times they have not been able to purchase important medicines. We recently went to pray for him and also to bring groceries, medicines needed, and a couple of toys. Daniel's sad face lit up when he saw the toys and he only then allowed me to anoint him with oil and pray. The family are not Christians – yet! But the door is now open for us to share the love of Jesus. If you wish to help with the expenses for the medicines please send your gift marked “Daniel” to address below. We still need funds for the volcano disaster as there are many needs. Please mark “Volcano Relief.” Thank you in advance.

Christa Interpreting

The local YWAM in our town recently asked Christa to interpret for a visiting evangelistic team from the USA. It is wonderful to see Christa being used in one of her giftings.

Church

Our church Dios de Amor (God of Love), continues to grow strong with new members joining this month. The Lord has laid it on my heart just recently to give more teachings rather than preachings. I am enjoying this new challenge, and it has been a joy to attend the services twice a week. Later this month we will be carrying out water baptisms.

Earthquakes and Volcanos

It has been a worrying month for the people of Guatemala, especially the locals living in our town. Just in one day we had 12 earthquakes, enough to make me (Jeff) run out of the house. Small earthquakes are common in this country, but not so many at the same time. People will always remember the big one back in 1977 when over 30,000 people died and 25,000 injured during the night. This time the epicenter of all the quakes was in our town so we were on high alert. Bags were packed with 72 hours of supplies and important documents and left by the main entrance ready should one come during the night.

Two days later an alert was put out that the local volcano Fuego (just 5 miles from us) was blowing as much as 12 times in an hour and up to 2000 meters high. I did not need the alert as I could see this from my office window! There is a loud boom each time the volcano blows and also on some occasions our doors and windows shake. We ask for your continued prayers for our safety from both the earthquakes and the volcano.

Religious Processions

It is "Lent" again, and so has begun the religious processions in Antigua and also many other towns. Although it is spectacular to see, it is also saddening to watch these religious people carrying wooden idols, and where Mary is placed in a higher position than Jesus. Thousands of people come from all over the world to watch these processions, and on some days it is impossible to even think of driving in Antigua town. There is a terrible religious spirit in Guatemala, not just with the Roman Catholics, but also with the Mayan Indigenas, many who worship other gods. This is one of the reasons we are here, to bring the Gospel of Good News to the lost.

PRAYERS

1. A larger (Free) piece of land for our growing church.
2. Growing finances for our growing church
3. For the survivors of the Volcano Tragedy
4. Health & Finances
5. God's continued protection for us.
