June 2020

### COVID-19

This past month the number of people in Guatemala with covid-19 has jumped up dramatically despite the lockdowns. The President has sacked his health minister which we believe is more political than anything else. To attempt to get the numbers down, vehicles with even numbered plates may travel one day and odd number plates the next day. Each Sunday the complete country is shut down, so we still cannot hold church services. Because of your help we have been able to continue to give food parcels to each of the church families and some other families for the 13<sup>th</sup> week. This is surely a miracle on its own and is a testimony to your love, generosity and faithfulness. Our young pastors Juan Carlos and Miriam have done a sterling work in ensuring each family has been cared for. Below are many "Thank You" cards drawn and written by the children. The families are truly thankful for the help of our supporters, and, time and time again, they send us letters of love. Without your help they would be starving. Sadly, many of the Guatemalans have not received the financial help promised to them, and I have heard of people committing suicide. We had a big surprise for the families on one day when our pastors had hamburgers for a special treat for them all! There is still a long way to go, and if you feel led to help please send your donations to the address below marked "Virus." We thank you in advance.

**Pastors Juan Carlos & Miriam**

## STORM AMANDA

At the beginning of this month Guatemala was hit by Storm Amanda which caused wide-spread flooding in different parts of the country. The villages next to the volcano Fuego were evacuated and families were put up in local schools. This was almost a reminder of the volcano exploding exactly two years to the date when over 2,000 were buried alive. Fuego has been very active these past few weeks.

## JEFF'S HEALTH

This month, the lockdown was slightly eased, allowing specialists to open up their surgeries, which meant I Jeff was able to see the neurosurgeon. I was sent for new MRIs and x-rays, and at the time of writing have a further appointment with the neurosurgeon Monday 29 June. Please pray that all goes well.

## PRAYERS

1. For our families Health.
2. The end of the Coronavirus in Guatemala
3. Church services to commence again.
