CHILDREN RECEIVE GIFTS

The 1st October “Día del Niño” (Children’s Day) is celebrated here in Guatemala. Because of the China Virus lockdown, the children did not think they would be receiving anything. But a surprise way laid on for all of them. Each child received not only a gift of tennis shoes, electric cars or dolls, but also MacDonal’d’s had a special children’s food pack for each of them. For sure, they were so excited that day. We wish to thank the donor who gave so generously so that each child could have a wonderful day. Below are some photos.

CHINA VIRUS

Guatemala has eased up on their lockdown, and now some shops and restaurants are allowed to open and even cinemas with strict restrictions. Sadly, the churches are only allowed a gathering of 10 people who then

must be 3 meters apart and the service no more than one hour! With those restrictions it is impossible to open our church. Therefore, house groups have been started during the week so that our church members can continue to receive the Word of God. Is this not the way people met in Acts? I have also obtained equipment to be able to give live messages over Facebook. I was surprised with the number of friends I have on Facebook who have asked me to share preachings not just in Spanish but also English

on Facebook.
God is so good;
He makes a way
where there
seems to be no
way!

There are still many of our church members without work and the numbers of people with the virus remain high. Even Guatemala's president has caught the virus! We have continued to hand our groceries and monetary gifts to pay bills, medicines etc. Sadly, Guatemala is the second worst country in the world of children with malnutrition. It's hard to believe, but it's true! You have been tremendous in helping our people and they are so grateful to you all. If you would like to help us continue to purchase groceries etc. for our people, then please send your donation to the address marked "Virus." Below are some photos of the families.

CHRISTMAS 2020

It's hard to believe that in a couple of months Christmas will be upon us once again. This is the time when we ask you our supporters to help make Christmas a happy time for the children, the majority of them having been kept in their houses for over seven months. It would be wonderful to give them a second surprise this year and that they see you care for them. Please make donations to the address below marked, "Christmas."

HEALTH & FAMILY

I (Jeff) am doing exceptionally well since receiving physiotherapy once a week. My faith has not changed and still believe in signs & wonders. The very fact that we are still ministering after 27 years is a miracle on its own. We are both able to get out a bit more with the lesser restrictions even though there is still a lockdown between 9pm to 4 am every night. At times I have forgotten to wear my mask, and I think God looks after me as there is a heavy fine if one is caught without

wearing one! Christa is doing well, and is home schooling our grandson Jeffrey each day, with the end of the school year approaching quickly.

PRAYERS

1. Health for us both
2. That the China Virus will end.
3. Our finances.

God bless you all, and thank you for your continued support.
