

Jeff & Christa Mills in Guatemala

Final Harvest Ministries. (A-0238), PO Box 669004, Miami-Springs, FL 33266-9004, USA. Jan 2021

COVID-19 REPORT

We begin this year that although the Government is informing us that the number of cases has risen dramatically, the Minister of Health has not even begun to obtain vaccines. The latest we have heard is that they could start to come in by the end of February! The Guatemalan Press has actually said that the number of deaths are very similar to 2018. Christa and myself are taking preventive measures with Ivermectin and high doses of zinc, vitamin C and D. At the time of writing there is talk of closing the country down again which is truly going to cause starvation and many suicides. There is also call for the President and the newly elected Health Minister to step down. We are continuing to give out weekly groceries to the families that have no work. We thank God, the number of families has gone down to 1/3 of what it was in the beginning. If you would like to help, please send your donations to one of the addresses below marked "Virus." Here are some photos of the families receiving their groceries.

EVANGELISM

With Covid it has of course been difficult to evangelize, especially as they want all us "Old folks" on lockdown. But the other day I went to my local barbers shop to have my haircut. Two brothers run this business and I have on every occasion shared with them the Gospel. It was with a warm heart when I saw some new testaments among the magazines. I looked up at them and they were smiling at me. Both of them are now born-again Christians. We must use every opportunity of sharing Jesus Christ, especially in this time of crisis.

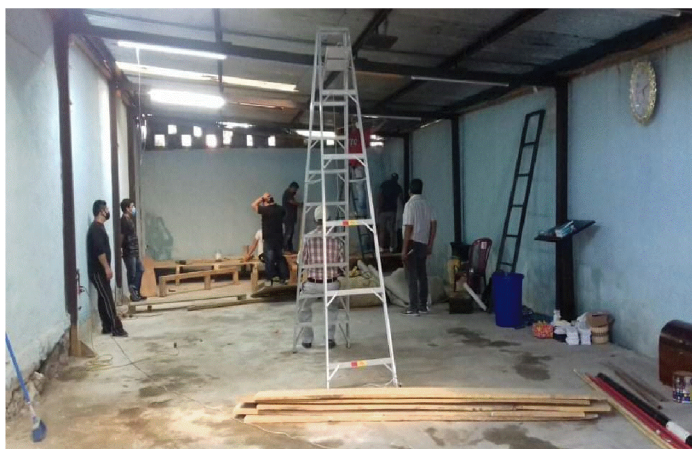

CHRISTMAS

We could at least celebrate the birth of our Lord Jesus Christ. In our church the excited children were told that they would be receiving a gift this year all because of the love and generosity of our supporters. Below are some photos of the children.

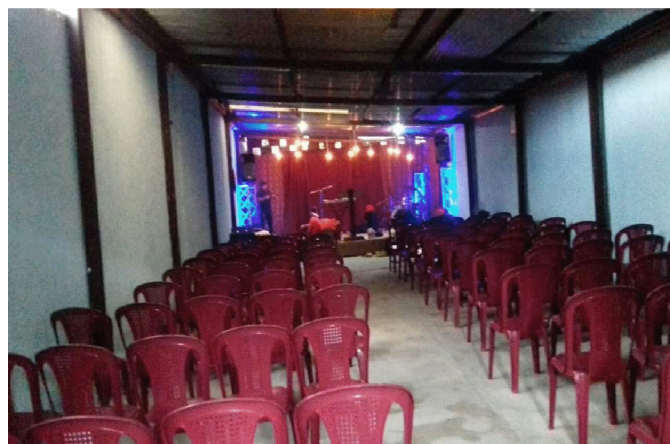

CHURCH

Our local acalde (mayor) has continued to give us permission to hold church services until further notice. Because of the social distancing, we have had to reorganize the building which has taken a lot of hard work by a team of helpers. We give God the glory that our people can come together each Sunday and worship the Lord.

Before

After

HEALTH

I (Jeff) continue to receive physiotherapy once a week at home to strengthen my legs that have become very weak due to the many operations on my spine. We do see improvements, they are slow, but I just need to have patience.

TRIPS TO EUROPE/USA

The authorities want to implement vaccination passes before one can travel. We will wait and see how the situation will develop because neither of us want to be vaccinated. Of course, this vaccine is NOT the mark of the Beast as many believe, but considering the situation in the Middle East, our leaving this earth cannot be that far off. Hallelujah! Glory to God in the highest.

OUR CHRISTMAS PHOTOS

Below is our annual Christmas photos of us and the family.

WHATSAPP FACEBOOK AND PARLER

It is amazing how quickly the number of people of my accounts rose. I found in the end this was quite time consuming. I also was being warned a number of times about some of my "Christian posts." It seems there is an extremely strict control on FaceBook which I do not like. I am closing down FaceBook, but will leave Messenger open. I went over to Parler but this has now been shut down. What did we all do before internet was introduced? That is where I want to get back to this year! Christ's work MUST continue until we can breathe no more or the Rapture will happen. We prefer the latter! We do, however, remain on TELEGRAM. Christa is also on Signal and Threema.

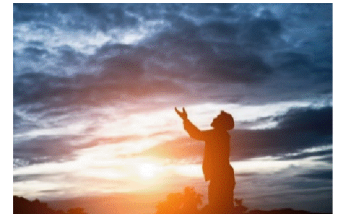

SOON and VERY SOON!

PRAYER REQUESTS

1. For our finances
2. Funds for our church members (Marked "Virus")
3. For our health
4. Financial support for our Pastor Juan Carlos.

God bless you all, and thank you for your continued support.
