OUR CHURCH

Despite the whole of this country being on Red Alert for the Covid Virus, our church continues to hold regular services on Sundays and Thursdays. We are happy to see new members joining each week. I am still not able to attend due to my low defences, and we are praying that soon that things will get back to “normal” so we can be there with our people. Meanwhile I am producing teachings each week, especially on end-times, and every family receives a copy to study at home. Pastors Juan Carlos and Miriam come to see us each week to share and pray.

PASTORS JUAN CARLOS & MIRIAM

Pastor Juan Carlos, Miriam and we, want to thank you for the wonderful response in answer to our requests to help pay the rent of their house. We now have enough to cover them until the end of this year. At the moment the tithes and offerings do not cover their needs sufficiently.

HEALTH.

Christa is the healthiest one in our house! At times I feel like a second-hand car, with things breaking down every now and again, but I am pleased to say my lungs are fine and working well. I still live with pain from my many operations, but stay positive. This has not stopped me praying for the sick and believing in signs and wonders. I have seen too many not to believe. Why am I not completely healed this time? Only God can answer that. I often think of Apostle Paul in the Bible of how God chose to use Paul's sickness to bring the Gospel to the Galatians. He wrote in Galatians 4:13, “Ye know how through infirmity of the flesh I preached the gospel unto you at the first.”

BLOG SITE

I have put together (almost!) a new Blog Site. I am no nerd with computers and am still working on a few things to sort out. You can see it at: [Home | Jeff & Christa Mills in Guatemala \(jimdosite.com\)](http://jimdosite.com) Just ctrl & click. When opened, just scroll down the pages. I hope to finish it before the Rapture!

OFELIA

Ofelia has been working with us for many years, and when she complained repeatedly about pain in her side, in her lower back and her legs, we took care of the cost for doctors visits and different exams. In the end, she needed a big operation that was to solve three problems at once. Ofelia was operated on on a Tuesday, and on Thursday, Christa picked her up from the hospital and drove her home. Everything went very well, and Ofelia has now 30 - 40 days of healing and recovery. Of course, we paid the hospital bill, but it would be a great help to us, if you would like to help with it. You can find the details of the account at the end of this newsletter. Please mark the offering **"Ofelia,"** Thank you in advance.

PRAYER REQUESTS

1. For our finances
2. For our health
3. For Ofelia's quick recovery
4. Financial support for our Pastor Juan Carlos.

God bless you all, and thank you for your continued support.
