AN INCREDIBLE TESTING OF FAITH

These past two months have been the most testing time of my life. Having lost the sweetest lady, I have ever known to covid, I then had to deal with our pastor, Juan Carlos, who was admitted to hospital with a life-threatening burst appendix. He was operated on immediately, and his wife Miriam said she was terrified whether he would survive. But he did recover from the operation which I believe was due to the many prayers lifted up him. He is now at home and has to rest for 3 months.

The very next day after his operation, I was having pressure on my chest and my daughter begged me to go to the local clinic to be checked out. It was well I followed her request, as I was having minor heart attacks whilst at the clinic. I was rushed to Guatemala City by ambulance by a driver who drove at a crazy speed that terrified me, but soon I was losing consciousness as I was finding it hard to breathe. At the hospital further tests were done and I had wires which came out of me all over the place. From the emergency department they moved me to the operating theatre where a procedure carried out on me, and they attempted to fit two stents to my heart. Sadly, only one was successful, which now means I must take a cocktail of pills for the rest of my life. Meanwhile I have been told to rest and take life a bit slower than I have been used to.

I feel as though the devil knows his time is limited, and he is throwing everything possible at me to attempt to demoralize me. I want the devil to know he has already lost, and we know who wins in the end. Two churches who have supported this ministry for 28 years have stopped, explaining they have closed their churches, and one even saying they are starting from scratch again! I am grateful for their support for so many years. My faith stays the same as it was before September began, and I want you to know satan, I'm not giving up until God says to.

Both Juan Carlos and myself have accumulated great costs for the hospital and operations, and if you would like to help us clear these debts, I would be grateful if you could send your love gift to marked either "Juan-Hospital" or Jeff-Hospital." I thank you in anticipation. I know just lately I have been asking for your love-gifts for different projects, but I really did not know so much would happen in just two months.

CHURCH

On the Sunday the 14th November Juan Carlos was admitted to hospital and I was in the church waiting for him to preach. A young man called Fredy came up to me and asked whether I was preaching, and if not, could he share. I felt the Lord saying to let him go ahead. I was amazed how professionally and humbly he brought a word about worshipping. After the service I asked him if he had ever preached before and he told me, "Just once hermano Jeff." Fredy had nothing prepared and yet the message spoke to many people. I was truly impressed and will get to know him better. At the moment he looks after the sound equipment during each service. I have asked Joe Bedford to help out sharing the Word. He, along with his wife Karin are Globe missionaries and work locally with YWAM.

Fredy

The Church

A HOUSE FOR VICTORIA

The house is at last completed and just needs a bit of paint here and there. Victoria is so happy and wishes to pass on her thanks to all who have helped her. Her son Nelson, is a paramedic, and the very man who drove me to hospital free of charge as a way of thanking me.

LAND FOR OFELIA

We are still looking for a piece of land for Ofelia, but the prices they are quoting are absolutely crazy. But if it is God's will, I know we will eventually find the best piece for her. Please keep her in prayer for this project to happen.

CHRISTMAS IS COMING!

Here is some good news! Last year when I asked for donations to buy a gift for the children in the church, and many of you answered my call. **We have enough funds left over from last December to cover the costs of this year's gifts! Isn't God good?**

PRAYERS

1. Finances for Juan Carlos and Jeff's Hospital bills.
2. Thank the Lord for having enough for Christmas gifts this year!
3. My health
4. God's continued protection for me
5. Land for Ofelia.

God bless you all
