March 2022

HEALTH AND TEACHING

The 28th February would have been Christa's 66th birthday and we wanted to lay flowers on her resting place. But on that day, I had a minor heart attack, which I was able to deal with by taking a pill. Since that date I have been fine, and been back in the church and preparing my teachings which I so love to do. A teaching can sometimes take me up to two days, and other times in a few hours. It is not just a case of standing in front and sharing the message, but ensuring it is the message that God wants me to share. In my earlier days I had spent a day preparing a message and then found out it was not what God wanted me to share. So, time is taken in prayer, so that I make certain God is speaking to me.

DONATIONS

Walter and Dora & 2 children

Ofelia and Irma

I am extremely grateful to everyone who has been giving towards the two houses below. I received two very large donations, so I know that soon we should have all the funds necessary for the construction of the two houses. But I am grateful for every donation, big or small, is a blessing for that person. Dora & Walter,

Ofelia and daughter Irma are very excited people these days and they send their grateful thanks to everyone. Pastor Juan Carlos also sends his thanks for the donations for his hospital stay and operation costs. I am also very grateful for the donations towards the costs of my 3 hospital stays and operations. *“Whoever is generous to the poor lends to the Lord, and He will repay him for his deed.” Proverbs 19:17*

DORA'S HOUSE

The house is coming along fine but we still need some funds to complete the project. At the moment Dora and her husband Walter sleep in one bed with two children ages 10 (Isaac) and 6. (Abigail). When the project is completed, we would like to purchase a bed for each child. Also, there is new plumbing that needs to be installed. If you would like to help, please would you send your donations to the address below marked (House-Dora). In my next Newsletter I hope to show you more photos of the construction. I thank you in advance.

OFELIA'S HOUSE

The area has now been completely cleared of rubble and dirt, and I then went to Juan Alberto – the man in charge of construction, to make the first purchases of cement and blocks. Juan Alberto's house was the last one built by the group who came two years ago. He is a qualified builder and a man whom I trust. We still need funds for the completion of the house as we also have to build a high security wall around the house so that Ofelia and daughter will feel safe living there. If you would like to help, please would you send your donations to the address below marked (House-Ofelia). I thank you in advance for your love and care.

An empty space soon to be a house!

CHURCH

During the time that I was not able to attend church with my larger family, I have shared teachings by distributing my teachings on hard copies. My teachings have been on End-Times and also The Gospel. The feedback I have been getting is that they enjoy the teachings and each family takes part by giving their

input. Very few of our members have had the covid virus, and we test each one's temperature before they enter the church building.

HELPING THE POOR

Helping the poor has always been part of my ministry. I find it very hard to pass by someone on the street who is begging. The covid virus has caused thousands of people to lose their jobs, and I am sure that is the same in your country, but here they do not get any help from the Government. When I give a donation, I always share the Gospel with them and leave them a tract. I often receive phone calls from people who want to know how I am, but I also know they have no money, so I love to visit them and help their family. *"Whoever closes his ear to the cry of the poor will himself call out and not be answered."* Proverbs 21:13

VOLCANO FUEGO

The Volcano Fuego behind our house still continues to blow out a lot of flames and smoke, and the two closest villages have been vacated for their safety. Fuego is very temperamental and can be silent one day, and the next giving loud booms that shakes our doors and windows.

PRAYERS

1. Finances to build two small houses and an extension.
2. My complete healing to my heart physically and spiritually.
3. More souls for the Kingdom of God
4. Thank you for your prayers.

This is worth half a page just for the smiles. I couldn't resist it!

God bless you all
